

The Order of the Steel Magnolias

PLACEMENT OF OSM INSIGNIA AND PINS ON OFFICIAL RIBBON

The official ribbon is not to exceed fourteen inches in length and is to be placed on the left shoulder, starting at the shoulder seam. Pins must be placed in the order listed below and ending with the official insignia at the bottom of the ribbon over the heart. When wearing more than one ribbon, the insignia must be placed on the inside ribbon (neck side). The sash ribbon must be worn over the right shoulder and pinned on the left hip. It should not be longer than the garment being worn. Insignia, pins, ribbons and sash are not to be worn in public unless one is officially representing the OSM, or attending the funeral, memorial service, or other services honoring a deceased member. Only ancestral bars, service bars, and/or pins approved and authorized by the Board may be worn with the insignia pin upon the official ribbon.
